

## Dennis M. Bauman

Program Executive Officer Command, Control, Communications, Computers Intelligence (C4I) and Space

Joint Program Executive Officer Joint Tactical Radio System

Dennis M. Bauman, a native of Lewistown, Pennsylvania, received his Bachelor of Science Degree from the Pennsylvania State University in 1971. He served as a Lieutenant (jg) in the United States Navy until 1975, as a Weapons Officer and Qualified Surface Warfare Officer aboard an amphibious warship. Mr. Bauman returned to the University of California at San Diego where he earned his Master of Science Degree in Computer Science in June 1977.

Mr. Bauman was employed by NCR Corporation in San Diego as a Virtual Systems Architect from 1977 until 1980. He returned to the government in 1980 as a Software Manager for the Naval Ocean Systems Center, San Diego. In 1986, he was selected to head the Operational Systems Branch of the Submarine Communications Division, which was responsible for a wide range of Submarine Communications development, enhancement, and maintenance programs.

Mr. Bauman was Head of the NOSC Submarine Communications and C4I System Division from 1992 to 1997. In this capacity, he was responsible for the development and deployment of a diverse array of communication products to improve Navy and Joint C4I.

From 1997 to 2000, he was the Space and Naval Warfare Systems Command Program Director for Information Warfare, responsible for acquisition of Navy capabilities for IW defense, exploit and attack. In October of 2000, he became SPAWAR Program Director for Command, Control and Intelligence (C2I) and Combat Support Applications. He assumed his position as PEO C4I and Space in November 2002 and was named JPEO JTRS in March 2005.

Mr. Bauman was a faculty member of the University of California at San Diego, Computer Science and Engineering Department from 1980 through 2000. In this capacity, he designed and taught courses including a laboratory course in Microprocessor System Development. He is a member of the Senior Executive Service and of the Navy's Acquisitions Professional Community for Program Management.
